

Ankit Bansal

DevOps Engineer

 ankit.bansal@example.com |  +91-9876543210 |  linkedin.com/in/ankitbansal |

 Bengaluru, India

Professional Summary

Certified DevOps Engineer with 5+ years of experience automating infrastructure, deploying scalable cloud environments, and maintaining high-availability systems. Strong background in CI/CD pipelines, container orchestration, and infrastructure-as-code. Proven ability to work cross-functionally with development and operations teams to improve reliability, performance, and speed of delivery.

Skills

- **DevOps Tools:** Jenkins, GitHub Actions, Ansible, Terraform, Prometheus, Grafana
 - **Cloud Platforms:** AWS (EC2, S3, RDS, Lambda), Azure (AKS)
 - **Containerization:** Docker, Kubernetes, Helm
 - **Languages & Scripting:** Python, Bash, YAML
 - **Others:** CI/CD, Infrastructure as Code, Monitoring & Alerting, Linux Systems, GitOps
-

Professional Experience

DevOps Engineer

CloudBridge Technologies, Bengaluru

Mar 2020 – Present

- Led migration of on-prem infrastructure to AWS cloud, resulting in a 30% reduction in hosting costs.
- Designed and implemented automated CI/CD pipelines using Jenkins and GitHub Actions.
- Used Terraform and Ansible to manage and provision infrastructure across development, staging, and production environments.
- Deployed Kubernetes clusters and configured Helm charts for application rollouts.
- Integrated monitoring tools like Prometheus and Grafana, reducing incident response time by 40%.

- Collaborated with security teams to integrate secrets management using AWS Secrets Manager and HashiCorp Vault.

Systems Engineer

InfoLayer Pvt Ltd, Hyderabad

Aug 2018 – Feb 2020

- Maintained and optimized Linux production servers across multiple business units.
 - Automated server provisioning and patching using Ansible and shell scripts.
 - Implemented Docker-based dev environments, reducing setup time for new developers.
 - Provided 24x7 on-call support and created detailed runbooks and troubleshooting guides.
 - Initiated DevOps best practices and trained 10+ team members on CI/CD and container workflows.
-

Education

B.Tech in Computer Engineering

National Institute of Technology (NIT) Warangal

2014 – 2018 | CGPA: 8.2/10

Certifications

- AWS Certified DevOps Engineer – Professional
 - Certified Kubernetes Administrator (CKA)
 - HashiCorp Certified: Terraform Associate
-

Projects

Infrastructure as Code Toolkit

Created a reusable Terraform module system with environment-based configurations, now adopted across 3 internal product teams.

Jenkins CI/CD Dashboard

Built a centralized Jenkins dashboard integrated with Slack and email alerts, improving visibility and team accountability for deployments.
